Photocopies and photographic reproductions requested via the desk

Photocopies
Works not older than 100 years which can be borrowed via the circulation desk can be photocopied by yourself within the library. The same holds for microfiche material (A4 and A3), which can be copied at the available reader-printers (for prices, see above). Printed material which cannot be borrowed but must be consulted in the library, and material from the reading rooms and the Special Collections reading room, may only be photocopied or scanned after permission from the relevant curator and/or library staff.

Scans
Printed works from before 1850, and bibliophile material (which have a call number starting with UBM: K) may not be photocopied. Reproductions from works from before 1850, or from manuscripts, maps, prints, broadsheets and/or irregular formats (larger than A3) can be made to order.

Prints from scans
Photos are supplied only digitally (scans). From these scans black and white or colour prints can be ordered in various formats. Reproductions of maps may not be used for publication.
Making photographs yourself
It is possible –for personal use only– to make (digital) photographs of works which may not be borrowed. At the desk of the Special Collections reading room you can fill in a form. The use of flashlight and tripod is strictly forbidden. There is no cost involved.

Stipulations
The user is responsible for complying with the legal stipulations regarding publishing and copying.

Orders for photocopies, scans and prints from scans must be paid in advance at the desk, in cash, via PIN card or chip card. The material can be sent with an invoice, but in that case there will be extra postage and administration costs.

Scans are made in two formats:

1. TIF format: in all cases in which the scan is used for (commercial) publication. Delivered on DVD/CD/USB stick or by uploading via VPN server.
2. JPG (72 DPI) format: for study purposes only, not used in publications. Delivery on DVD/CD/USB stick.

Maps which are printed in the Map room, may not be used for publication.

Copyright fees

Stipulations

1. Copyright fees are charged for multiple use of visual material copied from older, or rare and valuable books, manuscripts, prints, broadsheets, maps and other historic material for which no copyright subsists. This also concerns digital copies of visual material. Extra copyright fees are charged for every single published item and have to be paid in advance.
2. Origins of the reproduction should be stated as follows: Amsterdam University Library (UvA) and the name of the collection/department concerned. This text should accompany the picture on the same page.
3. If the reproduction is printed in a publication on paper, the customer must donate two (2) copies of the publication to UBA as proof. Exception to this rule are facsimiles, in which case three (3) copies must be donated.

4. When the original use of visual material is altered (i.e. when UBA material originally used for personal documentation, or something similar, is now published) the customer is still obliged to pay copyright fees. The customer should then contact the administrators of the collection from which the material is taken.

5. Should these obligations not be met, the customer/user is ordered to pay copyright fees, as well as extra collecting charges of €113.00.

6. By exception, lower costs, or no costs, may be charged, on the submission of a well-reasoned appeal (in writing) to the relevant administrator/curator. The decision about the (waiving of) costs is at the discretion of this administrator/curator and must be approved by the chief curator. If approved, the preface, introduction, colophon or any other appropriate place of the publication must state: “with special thanks to Amsterdam University Library (UvA), for not charging the customary copyright fees”. In return, the customer/user must donate three (3) copies of the publication to UBA.
