

## TORROSSA – Casalini full text platform

### Content

The platform Torrossa van Casalini gives access to Italian e-journals and e-books. The UvA has a subscription to part of this collection, ca 80 journals and 650 books (monographs and conference proceedings) in the field of Italian language, literature and culture. Most journals are available from 2000 to the present, with some exceptions which go back to the early 90ies. The conference proceedings and e-books are editions from 1995 onwards, but mostly from 2000 onwards.

Via the tab Il tuo catalogo per titolo you can see which titles are part of the UvA subscription. The complete collection on offer can be found via the Catalogo generale (on the right of the opening screen).

### SEARCHING

#### Ricerca semplice – simple search

The screenshot shows the Torrossa search interface. At the top, there is a search bar with a dropdown menu set to 'Dovunque' and a search button labeled 'Ricerca avanzata'. Below the search bar, there is a section titled 'GRUPPO DI RICERCA' with two columns: 'Cosa' and 'Dove'. The 'Cosa' column has five empty input fields. The 'Dove' column has five dropdown menus with the following options: 'Testo', 'Titolo', 'Autore', 'Editore', and 'Anno di pubblicazione'. To the right of each dropdown menu is a small red 'X' icon. Below the search fields, there is a section titled 'Aggiungi un nuovo gruppo di ricerca' with three columns of checkboxes and labels: 'Lingua di pubblicazione' (Italiano, Inglese, Francese, Spagnolo, Latino, Tedesco, Portoghese), 'Livello Bibliografico' (Articoli, Parti di monografia, Fascicoli, Monografie, Testate, Atti di convegno), and 'Materia' (Letteratura, Geografia e Storia, Scienze Sociali, Le Arti, Linguaggio, Religione, Filosofia e Psicologia, Tecnologia, Opere Generali, Scienze naturali e Matematica). At the bottom left, there is a dropdown menu for 'Ordina per' set to 'Rilevanza' and a red 'RICERCA' button.

- searches all words, but you can set a search key via the drop-down menu: title, author, metadata, full text
- search terms may be combined, e.g. manzoni carducci. The system then searches with the AND operator
- use “ ” to search for phrases, e.g. “carducci lettore”

#### Ricerca avanzata – advanced search

The screenshot shows the Torrossa search interface, which is identical to the simple search form shown above. It features the same search bar, search fields, filters, and 'RICERCA' button.

- **Zoeksleutels:**
  - words from full text
  - title word(s)
  - author,
  - publisher
  - subject
  - publication year
- search terms are combined with AND, but you can also search with the **operators** OR, AND NOT, OR NOT Filter
- by language, document type, Dewey code, etc.
- **Sort** by relevance, title, author, year of publication

## SEARCH RESULTS

Use the column on the right to **refine** the search results by

- Document type
- Language
- Publication year
- Author
- Subject
- Publisher

## Search results list:

- Show keyword in context gives the context for each search term.
- For monographs you can open and print the title page and table of contents.

## Single title view:

- on the left you see the full bibliographic data
- on the right you see the individual chapters, which can be viewed separately

## **PRINTEN EN DOWNLOADEN**

Torrossa heeft beperkte mogelijkheden tot printen en downloaden

- tijdschriftartikelen en bijdragen uit congresbundels kunt geprint en gedownload worden
- hoofdstukken uit monografieën kunnen alleen geprint worden. Downloaden is niet mogelijk.

## **EXPORTEREN NAAR REFWORKS**

Exporteren naar **RefWorks** gaat simpel via het rode icoontje bovenin. Je wordt meteen doorgelinkt naar RefWorks waar je kunt inloggen. De referentie wordt meteen opgenomen.

## **BROWSEN**

- Via de tab links op het startscherm kun je naar de functie
- Je kunt browsen op onderwerp of op auteur/titel.
- N.B. Als de titel van een tijdschrift wordt getoond, is niet meteen zichtbaar hoe het met onze toegang zit. Ga in ieder geval door naar het gewenste artikel en zie of je toegang krijgt.
