

UvA Data Science Centre Affiliate Program

Are you already doing data science at the UvA? Are you already engineering cool data pipelines? Are you looking to connect with other data scientists and engineers and increase your visibility. If so, we encourage you to apply to become a UvA Data Science Centre Affiliate.

Affiliates receive:

- special networking opportunities with other specialist;
- access to a specialized training to further your data science career;
- support for external event attendance;
- profiling on the DSC website;
- visibility locally in the Amsterdam Data Science network with 8000 members.

UvA DSC affiliates are asked to:

- join regularly (2-4 times a month) at our Friday DSC gatherings;
- acknowledge the DSC in related outputs;
- contribute regularly to joint DSC projects (e.g. open source libraries, demo days, presentations).

Apply

Any data scientist, data engineer, research software engineer employed at the UVA is eligible to become a DSC Affiliate. If you consider yourself a data scientist or engineer please don't hesitate to apply.

To apply, please provide the following information in one pdf and send it to dsc@uva.nl with the subject line DSC Affiliate Application.

- A brief CV
- Reference to your work (e.g. a Github profile, code repository, data repository, demo).
- The name and contact details of a supporting faculty member(s)
- The name and contact details of your manager.

Applications will be evaluated by the DSC coordinating team and may include a brief interview.
